

HOGS itineraries

1. MANALI, THE HOGS WAY

3 Nights / 4 Days

Perfect for: First-time visitors • Couples • Short getaways

Style: Manali classics + one proper offbeat HOGS day

Day 1 — Arrival | Slow Manali | HOGS Experience

Arrive in Manali and check in at **HOGS Panorama**. Instead of immediately rushing out for sightseeing, settle into your room, take in the mountain views and begin the holiday at an easy pace.

Once refreshed, head out to explore some of Manali's classics:

Hadimba Devi Temple

Begin amidst the tall deodar forest surrounding the historic temple. Spend some time walking through Dhungri rather than treating it as just a quick photo stop.

Old Manali

Continue towards Old Manali for its little lanes, cafés, shops and laid-back mountain atmosphere.

Vashisht Village

Visit the traditional village, Vashisht Temple and the hot-water spring area before heading back towards town.

Mall Road

Keep the evening free for a leisurely stroll, local shopping and exploring central Manali.

Return to HOGS and unwind over dinner or coffee at **Café DO NTHNG – Himalayan Brew**.

Overnight: HOGS Panorama

Day 2 — Solang Valley | Atal Tunnel | Sissu

After breakfast, leave for the classic high-mountain circuit.

Drive towards **Solang Valley**, surrounded by dramatic mountain scenery. Depending on the season, guests can opt for available snow or adventure activities.

Continue towards the **Atal Tunnel** and cross into the contrasting landscapes of Lahaul.

On the other side, proceed towards **Sissu**. Spend time around the village, admire the waterfall from the valley and stop at scenic points rather than rushing from attraction to attraction.

Enjoy lunch during the excursion and gradually make your way back to Manali by evening.

Spend the night relaxing at HOGS.

Overnight: HOGS Panorama

Day 3 — Soyul Village | Sajla Waterfall | Hidden Manali

This is where guests get to experience **Manali beyond the usual checklist**.

After a relaxed breakfast, leave for **Soyul (Soil) Village**, surrounded by forests, streams, orchards and traditional village landscapes. Soyul has established walking routes and fits particularly well into an offbeat Manali itinerary.

Spend some time walking around the village and enjoying the quieter surroundings.

Continue towards Sajla Waterfall.

Take the forest approach towards the waterfall and spend some time by the water. This is less about ticking off a tourist attraction and more about slowing down among the trees.

Stop for a local lunch or chai before heading back.

Instead of immediately returning to the room, end the day at **Café DO NTHNG** with coffee and sunset views.

Overnight: HOGS Panorama

Day 4 — Slow Morning at HOGS | Departure

No sightseeing alarm today.

Wake up slowly, enjoy breakfast with mountain views and spend some time over coffee at DO NTHNG.

Check out with plenty of memories — and hopefully a reason to come back for the places you couldn't fit into this trip.

2. HIDDEN MANALI WITH HOGS

4 Nights / 5 Days

Perfect for: Repeat visitors • Offbeat travellers • Couples • Photographers

Style: Villages + waterfalls + forests + local experiences

Day 1 — Arrival | HOGS | Local Manali

Arrive and check in at HOGS Panorama.

After resting, explore **Hadimba Temple and Dhungri Forest**. Continue towards **Old Manali** for an easy walk through its lanes.

Rather than trying to cover everything on the first day, return to HOGS early.

Spend your first mountain evening at DO NTHNG over coffee, food and views.

Overnight: HOGS Panorama

Day 2 — Soyal Village | Sajla Waterfall | Village Life

After breakfast, leave the busier parts of Manali behind.

Begin at **Soyal Village**. Walk along village paths surrounded by orchards, forests and mountain streams.

Take time for photography and explore the area on foot rather than remaining inside the vehicle.

Continue towards **Sajla Village** and then Sajla Waterfall.

The Soyal/Sajla belt is particularly suitable for travellers wanting a peaceful short excursion rather than Manali's heavily commercial sightseeing circuit.

Enjoy chai or a simple local meal along the way.

Return to HOGS by evening.

HOGS recommendation: Keep this day intentionally light. The charm is in spending time there rather than adding another five sightseeing points.

Day 3 — Sethan | Hamta Valley | Pandu Ropa

After breakfast, leave from Prini and begin climbing towards **Hamta Valley**.

The road itself becomes part of the experience as Manali gradually disappears below.

Reach **Sethan**, a small mountain settlement at roughly 2,700 metres. In warmer months, the surroundings lend themselves to meadow and village walks; in winter, the experience changes dramatically with snow.

Explore:

Sethan Village

Walk around rather than simply stopping for photographs.

Pandu Ropa

Spend some time around the open landscapes and viewpoints accessible according to prevailing conditions.

Hamta Valley

Take a short nature walk around the lower valley instead of treating this as the full Hampta Pass trek.

Find a scenic spot for tea or a picnic-style break.

Return to HOGS before dark.

Overnight: HOGS Panorama

Day 4 — Naggar | Rumsu | Jana Village & Waterfall

After breakfast, head towards the heritage side of the Kullu Valley.

Start around **Naggar**, once an important historic centre of the valley.

Depending on current access, explore the heritage area and then visit Nicholas Roerich Art Gallery, which currently lists visiting hours of 10 AM–5 PM on its operating days.

Continue uphill towards **Rumsu Village**.

Walk through the traditional settlement, admire the old architecture and experience a very different side of the valley. Rumsu is also naturally paired with Naggar in slow-travel itineraries.

Then drive towards **Jana Village** through pine forests and orchards.

Visit Jana Waterfall, Jana Gaon. The waterfall is reached through a short walk from the road area, and Jana is also well known for local Himachali food around the waterfall.

Have a traditional-style lunch before returning towards Manali.

Overnight: HOGS Panorama

Day 5 — Breakfast | Coffee | Departure

Wake up without an itinerary.

Breakfast → coffee → views → check-out.

This is the itinerary I'd recommend when a guest says:

“We've already done the touristy Manali. Show us something different.”

3. SLOW MANALI BY HOGS

5 Nights / 6 Days

Perfect for: Honeymooners • Couples • Workation guests • Slow travellers

Style: Maximum experience, minimum rushing

Day 1 — Arrival | DO NTHNG

This day has one rule:

Do less.

Check into HOGS Panorama, settle into your room and enjoy the property.

Head downstairs to Café DO NTHNG for coffee and something to eat.

Watch the mountains change colour as evening approaches.

No mandatory sightseeing.

No rushing to Mall Road because "Day 1 needs to be utilised."

Welcome to HOGS.

Day 2 — Manali Classics, Slowly

After breakfast, begin with **Hadimba Devi Temple**.

Walk through **Dhungri Forest** before continuing towards Old Manali.

Explore:

- Old Manali lanes
- Manu Temple side
- cafés and small shops
- Vashisht Village
- Vashisht Temple and hot-spring area

End at Mall Road if you feel like shopping.

Return to HOGS.

Day 3 — Soyal | Sajla | Forests & Waterfalls

Leave after breakfast for one of our favourite quieter Manali days.

First stop: **Soyal Village**.

Walk beside streams and through the village surroundings. Spend some time simply sitting beside the water or walking through the forest.

Continue to **Sajla** and explore the waterfall area.

This isn't meant to be a packed sightseeing day.

Take photographs. Have chai. Find a quiet spot. Talk to locals where appropriate. Listen to the water.

Return by late afternoon.

Spend sunset at HOGS.

Day 4 — Sethan & Hamta Valley

Today is for higher mountains.

Drive from Prini towards **Sethan and Hamta Valley**.

Spend time exploring Sethan before moving towards the accessible Hamta-side landscapes and Pandu Ropa, depending on road and weather conditions.

Guests wanting more activity can take a short guided walk; guests wanting a slow day can simply enjoy the scenery.

In winter, this becomes an entirely different snow experience. Sethan is particularly known for winter snow activities, while summer lends itself more to walks and meadows.

Return to HOGS.

Hot coffee afterwards is strongly recommended.

Day 5 — Naggar | Rumsu | Jana

After breakfast, take the quieter road towards Naggar.

Explore the Naggar heritage area and Roerich side before heading towards **Rumsu Village**.

Walk through Rumsu and then continue towards Jana.

At Jana, walk towards the waterfall and keep enough time for lunch. The drive itself passes through forest and orchard landscapes, making this a good full-day slow-travel circuit rather than simply a waterfall visit.

Return to Manali by evening.

Day 6 — One Last Coffee

Breakfast at HOGS.

One last specialty coffee at DO NTHNG.

Take in the views you've probably started taking for granted.

Check out and depart.

4. WATERFALLS, FORESTS & HIDDEN VILLAGES

4 Nights / 5 Days

Perfect for: Nature lovers • Photographers • Young travellers

Style: Minimal mainstream sightseeing

Day 1 — Arrival | Dhungri Forest | HOGS

Check in and rest.

Later, head towards **Hadimba and Dhungri Forest**.

Instead of covering the entire town, spend time walking among the deodars.

Return to HOGS for a relaxed evening.

Day 2 — Soyal | Sajla Waterfall | Hidden Village Trails

Start after breakfast.

Head first towards **Soyal Village**.

Explore its quiet village paths, streams and surrounding forest.

Continue towards **Sajla Waterfall**.

Take the forest walk, spend some time around the waterfall and enjoy a leisurely lunch/chai break.

Return to HOGS before evening.

Day 3 — Sethan | Hamta | Pandu Ropa

Start a little earlier today.

Drive up from Prini towards **Sethan**.

Explore the village and continue through the accessible sections of Hamta Valley.

Depending on the season and road conditions, spend time around **Pandu Ropa** or take a short guided nature walk.

Have a picnic/tea break with the mountains around you.

Head back to HOGS.

Day 4 — Naggar | Rumsu | Jana Waterfall

After breakfast, leave for Naggar.

Explore the heritage/art side of the village before proceeding towards **Rumsu**.

Spend some time walking through the village before driving towards Jana.

At Jana, visit the waterfall and stop for local Himachali food. The waterfall lies roughly 11–12 km from Naggar and is surrounded by pine/deodar and orchard landscapes.

Return to HOGS for your final evening.

Optional HOGS evening: Bonfire & Community Table / Coffee with the Hosts, subject to schedule and availability.

Day 5 — Slow Morning | Departure

Enjoy breakfast and spend your last morning around HOGS.

No final-day sightseeing race.

Check out and depart.

5. THE COMPLETE HOGS MANALI EXPERIENCE

6 Nights / 7 Days

Perfect for: Honeymooners • Families • First-time Manali guests who want everything

Style: Classics + offbeat + villages + mountains + HOGS

Day 1 — Welcome to HOGS

Arrive in Manali and check into HOGS Panorama.

Freshen up and spend the rest of the afternoon around the property.

Coffee at DO NTHNG → common spaces → mountain views → relaxed dinner.

The holiday starts slowly.

Day 2 — Manali Local

After breakfast, explore:

Hadimba Devi Temple

Visit the temple and walk through Dhungri Forest.

Old Manali

Explore the lanes, cafés and shops.

Vashisht

Visit the temple and hot-water spring area.

Mall Road

End the evening with shopping and a leisurely walk.

Return to HOGS.

Day 3 — Solang | Atal Tunnel | Sissu

Leave after an early breakfast.

Head towards **Solang Valley** and enjoy the landscape/seasonal activities.

Proceed through **Atal Tunnel** towards Lahaul.

Explore **Sissu**, stop at scenic viewpoints and enjoy lunch before beginning the return journey.

Reach HOGS by evening and rest.

Day 4 — Hidden Manali: Soyal & Sajla

Today, switch from famous Manali to **local Manali**.

Begin with Soyal Village.

Walk around its streams, orchards and forest surroundings before continuing towards Sajla.

Visit Sajla Waterfall and spend the afternoon enjoying the forest landscape.

Return to HOGS early enough for a relaxed evening.

Day 5 — Sethan & Hamta Valley

After breakfast, drive up from Prini towards Sethan.

Explore:

- Sethan Village
- Hamta Valley landscapes
- Pandu Ropa
- accessible short trails/viewpoints according to season

This day should remain flexible because the higher mountain experience changes significantly with snow, rain, road conditions and season.

Return to HOGS.

Day 6 — Naggar | Rumsu | Jana

Your final exploration day combines **heritage + village life + nature**.

Start around Naggar and visit the heritage/art side of the village.

Continue to **Rumsu**, one of the quieter traditional settlements above Naggar.

Later, drive through forest and orchard landscapes towards **Jana Village**.

Take the short walk towards Jana Waterfall and enjoy a Himachali-style lunch before beginning the drive back.

End the final evening where the trip began — at HOGS.

Grab a coffee at DO NTHNG, sit in the common spaces or spend the evening talking to your hosts and fellow travellers.

Day 7 — A HOGS Goodbye

Wake up slowly.

Enjoy breakfast.

Take those last mountain photographs.

Grab one final coffee.

Check out and depart with a different picture of Manali than the one you arrived with.
